May 28, 2019

Dear Dorchester County Electrician,

Please find enclosed a renewal application for your Dorchester County Electrical license that is ***due no later than June 28, 2019***. The five (5) hours continuing education must have been taken during the time period of July 1, 2017 - present. Any class that focuses on the National Electrical Code will satisfy these requirements. You may refer to [DLLR](#) for a list of Approved Course Providers (their list online may not be up to date so please verify with them). *Your license will not be renewed without the five (5) hours continuing education certificate.*

Failure on the part of any registrant to renew their license bi-annually in the month of June shall not deprive such person of the right of renewal but the fee to be paid for the renewal after the month of June shall be increased \$2.00 for each day or fraction of a day that payment of renewal fee is delayed, up to 90 days, at which time the license will be cancelled at the discretion of the Board. *Those persons having an active State of Maryland electrical license are not subject to this penalty fee.*

If you wish to renew your license in person, please call ahead to be sure we are open (in case of holidays) and to be sure there is someone in the office who can process the renewal for you (if you are on a deadline). Please call our office if you have any questions and speak to Sherry Wood, or email her at swood@docogonet.com.

NOTICE
As of July 1, 2019, Dorchester County will be enforcing the NEC 2017 Code.

Sincerely,

Rhonda Mills
Electrical Board Secretary

THIS WILL BE YOUR ONLY RENEWAL NOTICE.
